RIYA PATEL

riyapatel@alumni.ubc.ca | +1 (604) 123-4567 | Vancouver, BC | Linkedin

KEY COMPETENCIES

- Cultivated interdisciplinary collaboration and project management skills in entrepreneurial settings
- Translated strategic insights into actionable growth strategies with business acumen in market research and business development
- Demonstrated adaptability and initiative through project-based consulting and early-stage venture support

ACADEMIC BACKGROUND

Bachelor of Commerce (Entrepreneurship Specialization)
University of British Columbia – Sauder School of Business, Vancouver, BC | Expected May 2026
Dean's Honour Roll | GPA: 3.81/4.00
Relevant Coursework: New Venture Design, Business Development, Marketing Strategy

EXPERIENCE

Venture Strategy Intern
NovaBridge Innovation Lab, Vancouver, BC | May 2025 – Aug 2025

- Collaborated with early-stage startups to identify new markets, validate customers, and develop go-to-market strategies
- Built financial models projecting 12-month runway and revenue growth for two health-tech ventures
- Led UX research for a social impact app, generating insights that influenced feature prioritization
- Designed and executed a marketing campaign for a sustainable packaging startup, boosting user engagement by 25%
- Synthesized venture findings into final presentations for stakeholder reporting and grant applications

ENTREPRENEURIAL PROJECTS

Founder, UniBundles (Student Startup Challenge Finalist)
UBC Entrepreneurship Hatch, Vancouver, BC | Jan 2025 – Apr 2025

- Launched a digital marketplace to connect students with curated productivity kits
- Conducted 60+ customer discovery interviews and iterated product-market fit based on feedback
- Managed prototype development with a 3-person cross-functional team

Business Development Consultant
COMM 486E – New Venture Design, Vancouver, BC | Sep 2024 – Dec 2024

- Partnered with an engineering team to assess commercialization strategy for a clean tech innovation
- Analyzed market landscape and created a comprehensive business plan for seed-stage funding

LEADERSHIP & ENGAGEMENT

Events Coordinator, UBC eHub | May 2024 – Present

- Organized innovation mixers, workshops, and pitch nights attended by over 200 students and founders
- Engaged with ecosystem partners, such as CDL and entrepreneurship@UBC, to co-host skill-building sessions

Mentor, UBC Lean Launchpad Program | Jan 2024 – Apr 2024

- Guided first-year students through ideation, MVP testing, and customer interviews
- Delivered feedback and evaluated pitch presentations as part of the course grading team

TECHNICAL SKILLS

Tools: Excel, SQL, Tableau, Python, Innosight, Figma, Canva
Technical Expertise: Financial modeling, market validation, user experience research, data analysis

Internships

Work with our ventures to create impact with hands-on experience

We at Innovation UBC are pleased to collaborate with UBC faculties to deliver experiential learning opportunities across the UBC campus through courses that involve project-based consulting and learning. Currently, we have opportunities for students within the Sauder School of Business and the Faculty of Pharmaceutical Sciences.

For UBC Sauder School of Business students:
Our **Venture Development Specialist (VDS) Internship Program** enables UBC's Sauder School of Business students to broaden their career-pathing experiences in a thriving community of entrepreneurs and immerse themselves in BC's innovation startup ecosystem. Participants work hands-on with a diverse range of ventures and projects, giving them exposure to emerging industries and cutting-edge innovations, while helping them develop their skills in areas such as customer validation, identifying new markets, financial modeling, and developing marketing campaigns.

The role of the Venture Development Specialist is dynamic; projects allow interns to explore a diverse range of industries, markets, products and services reflecting the diversity of the ventures themselves. This can range from identifying new markets and customer validation to building financial models, creating UI and UX designs and developing marketing campaigns.

> "This internship has been a transformative experience that has broadened my horizons, equipped me with practical skills, and shifted my perspective on the entrepreneurial landscape. I am now poised to contribute effectively to startups and to explore the possibility of launching one myself." - Past VDS

Intern

Eligibility

- We are looking for candidates with industry or academic experience in:
- Business development
- Sales and marketing; market research/analysis
- Financial modelling

Additionally, we are seeking candidates who:

- Have an open, learning mindset
- Are proactive and possess strong project management skills
- Have the proven ability to balance multiple demands and expectations

Applications open Spring of each year. Learn more about the application process and eligibility on COOL via the UBC Sauder School of Business.

For UBC's Faculty of Pharmaceutical Science students:
Through our partnership with the Faculty of Pharmaceutical Sciences's PHAR 495 course, we offer 4th year students with hands-on experience to work with one of our ventures in the pharmaceutical or biotechnology industry. Students work with our portfolio venture and apply classroom learnings to specific dry lab and wet lab projects to learn about what it takes to transform an invention to impact.
